

Letter of Authority

To be completed prior to our analysis:

Energy Partnerships Limited (EPL) are hereby authorised to deal direct with suppliers, distributors and meter operators in connection with our utilities. This is their authority to request and obtain data from those organisations relevant to the supply of these services. This authority will continue to remain in force for future contract renewals unless otherwise stated in writing by our company.

Accept this letter as authority to allow you to offer notice to our existing supplier in case we choose not to renew with them. If in doubt call the customer services number on your bill to clarify your position before placing any instructions.

This letter does not give EPL authority to change supplier. EPL cannot authorise new contracts or agreements without your prior permission in writing. Any contracts negotiated will need to be signed by an authorised person in your company.

This letter of authority relates to:

Energy Partnerships Ltd (EPL) Terms and Conditions

Our commitment to you

As energy brokers we are able to negotiate favourable tariffs for our clients. Our income is purely commission based, paid by energy suppliers. We do not charge our clients for our services. We will always present the best prices we find available in the marketplace.

Your commitment to us

By submitting your information to EPL, you are agreeing to EPL acting as your agent for energy negotiations. Any prices negotiated on your behalf are exclusive to you (The Client) and us (EPL); should any tariff negotiated by us be concluded by The Client directly with the supplier, no commercial gain will be achieved. We politely request therefore that once you accept any prices negotiated on your behalf, you allow us to conclude the contract.
